HOW TO ENABLE CHROME FOR RECORDING
1. Open a new tab and go to https://get.adobe.com/flashplayer/

2. Click on “Install now”
3. Select “Open With”

4. Execute “Install Adobe Flash Player.app”
5. Wait until the plug in is installed

6. Go back to the browser and click next (close the opened tab)

7. Restart your browser and go back to www.storybooth.com
8. In the recording wizard, in the second step, click on “Run Adobe Flash”

9. Click “Allow” on the browsers pop-up
10. You will see the Record screen with a progress bar, let it load.

11. A small pop up will appear (next to the Record button). You should check “Remember” and “Allow”. Then click on “Close”.
NOW, PUSH THE RECORD BUTTON AND START! WE CAN’T WAIT TO LISTEN TO YOUR STORY!
